Tree Inventory and Valuation

Right Approach for the Right Results

The WI Chapters of the Association of Consulting Foresters (WI ACF) and Society of American Foresters (SAF) are hosting a technical training focused on timber inventory and valuation methods and design tailored to meet your project's goals. The training will include inventory design and cruising methodology, along with valuation applications based on understanding tree value and management objectives.

When: January 28, 2020

Where: Tomahawk – PCA Training Center (W6147 Hwy 86)

**Fee: \$50.00 for ACF and SAF Members
\$75.00 for Non-Members**

The workshop is pre-approved for
5 SAF, 4 SFI, and 5.5 WI-DNR Cooperating Foresters
Continuing Educations Credits.
