

## Save The Date

**October 1**  
**Thursday 1:00pm**

## 2020 WI SAF State Meeting

The Path Ahead:  
A 2020 Vision For  
Our Forests

**All Online!**

## Forests of the Future

**Brian Anderson**

Forest Inventory  
Analyst, WDNR Division  
of Forestry

### **What the Data Says: A Trend Analysis of Wisconsin's Forests**

More recently, the USFS FIA program has expanded to take annual measurements and provide an ongoing source of data for Wisconsin's forests. In this presentation, we will dive deeper into more recent trends on statewide forestry data, hone in on a few examples, and ponder where these trends might lead in the future.

**Louis Iverson**

Part time at USFS  
Northern Research  
Station and NAICS

### **Looking Back and Looking Ahead: Trends and Models of Wisconsin Climate and Habitat for Tree Species**

Dr. Iverson will pull from his decades of research into the effects of climate change and prescribed fire on eastern forests. Historic trends will be used to give best guesses of how our forests will adjust.
