Brian Brashaw

Program Manager-Forest
Products Marketing Unit,
USDA Forest Products
Laboratory

Wood and Market Innovations

Wood products investments, research, and partnerships will be highlighted showing the work to create and expand markets for forest products. Innovations like cross-laminated timber (CLT), wood energy, biocarbon products, and cellulose nanomaterials will be key topics during the presentation.

Alastair Jarvis

VP Entrepreneurship
and Technology
Strategy, American
Forest Foundation

Products and Technology

Alastair has a background in IT and executive management strategy. He worked on an application which linked private forest owners' plots across a landscape to better facilitate harvest and management. He now does similar work with American Forest Foundation.
